You can find Frequently Asked Questions on our Bellingham Public Schools website bellingshamschools.org/reportingstudentprogress. Some examples of questions you'll find there include:

- How do the numbers (4,3,2,1) compare to the previous letter grades (A,B,C,D)?
- My children received all A's before and now they are getting 3's, should I be worried?

What is Standards-Based Reporting and why is it used?

Standards-Based Reporting gives you information about how your child is progressing toward meeting the Washington State Standards

- Your child's performance is measured against the standard, rather than simply being compared to other students in his or her class.
