Purpose of Safety Committee reviewed

Claims Review

The committee reviewed the spreadsheet of employee injury claims. Comments were made regarding the large number of 450 injury reports so far this year. Comments were made regarding the increased number of reports due to reporting incidents that do not rise to the level of an injury.

In addition, an Incident Prevention Report was handed out for review.

Reflection of Safety Committee

The group discussed the following topics:
1. The process for completing an EIR. Schools will be asked to use a separate process for tracking student behavior at work. Schools will be asked to use a separate process for tracking student behavior at work. Schools will be asked to use a separate process for tracking student behavior at work.
